Conclusion

1. Introduction

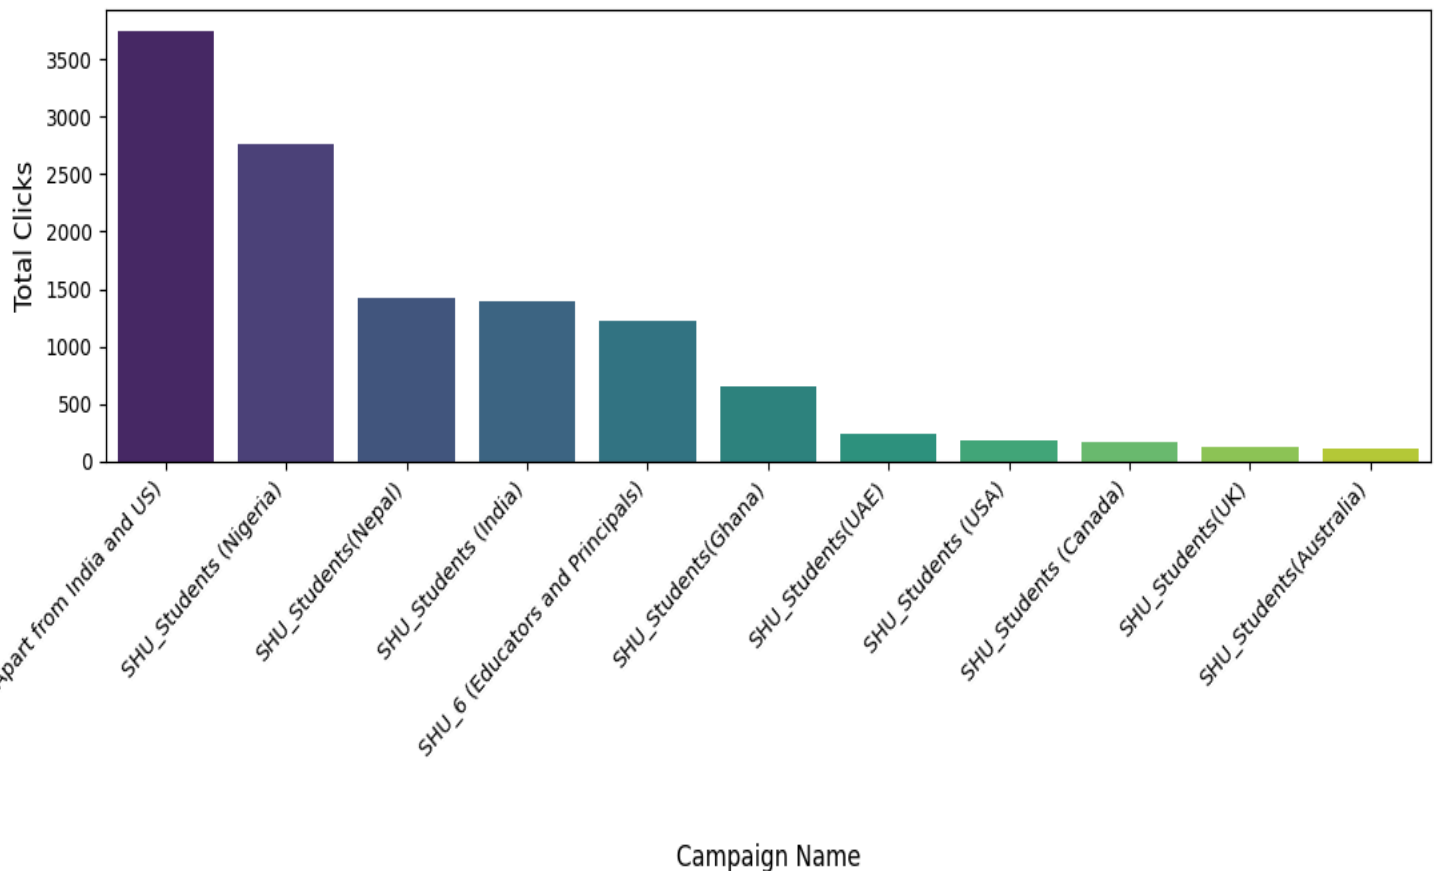

This report examines the effectiveness of GlobalShala's Facebook ad campaigns in order to determine which campaigns are performing well and which are not. The objective is to optimize advertising spending by reallocating funds to the most effective campaigns and discontinuing inefficient ones. The analysis uses important numbers like Cost Per Click (CPC), Unique Link Clicks (ULC), and Cost Per Result (CPR).

Data visualizations and tables emphasize trends, while strategic advice informs budget decisions.

2. Key Visualizations & Insights

A. Total Clicks by Campaign

Total Clicks by Campaign

Finding :

	Canada		₹8.4	₹8.7	₹6.7	₹nan	₹nan	₹nan

Insight:

- 25-34 age group consistently most expensive across geographies
 - UK: ₹28.40 CPR
 - Australia: ₹30.55 CPR
- 13-17 age group most cost-effective
 - Nigeria: ₹0.69 CPR
 - India: ₹0.96 CPR

G. Average Cost Per Click (CPC) by Age Group**Average Cost Per Click (CPC) by Age Group****Finding : Average Cost Per Click (CPC) by Age Group***Sorted by highest cost*

	Age Group	Avg CPC (INR)
0	25-34	₹3.57
1	13-17	₹3.42
2	18-24	₹2.97
3	55-64	₹1.76

Insight:

- Younger audiences (13-17) delivered 4x cheaper clicks than 25-34 group
- All campaigns targeting 25+ showed below-average performance

3. Top Performing vs. Underperforming Campaigns**Top 2 Performers:**

1. SHU3 (Students Apart from India/US)
 - 2,593 clicks (highest volume)
 - ₹1.09 CPR (most efficient)
 - 456 ULC per 1k INR (best ROI)
2. SHU_Students (Nigeria)
 - 10.79% CTR (highest engagement)
 - ₹0.36 CPC (lowest cost)

Bottom 2 Underperformers:

1. SHU_Students (Australia)
 - ₹30.55 CPR (highest cost)
 - Only 28 ULC
 - 4.5% CTR (below benchmark)
2. SHU_Students (UK)
 - ₹28.40 CPR
 - 3.5% CTR
 - Frequency issues (1.15)

4. Strategic Recommendations

Discontinue:

- Australia
- UK

5. Conclusion

By discontinuing Australia, UK GlobalShala can reduce wasteful spend and reallocate funds to high-performing regions (Nigeria, India, USA). The data clearly shows that cost efficiency doesn't correlate with spending more—strategic targeting and frequency control are key.
