Mission, Vision Objectives & Core Values	Mission : To analyze GlobalShala's Facebook ad campaign data, identify cost-saving opportunities, and deliver a compelling presentation to the Finance team using data-driven insights and best practices in visualization. Vision Objectives : Successfully recommend at least one underperforming ad campaign to discontinue. And Develop professional skills in data storytelling, virtual teamwork, and time management. Core Values : Ensure data analysis is rigorous and error-free. Innovate in visualization and presentation design. And meet deadlines and uphold team commitments.
Internal Checks, Balances, and Reviews	Weekly Action Review Meetings: • Led by the team lead, with attendance mandatory for all members. • Agenda: Progress updates, upcoming deliverables, feedback. Accountability Framework: Each member has defined responsibilities (e.g., Team Lead, Project Scribe) to prevent overlap and gaps. SMART Goals: Deliverables are tied to Specific, Measurable, Achievable, Relevant, and Time-bound objectives. • Specific: Focus on metrics to evaluate campaign performance. • Measurable: Compare at least 2/3 campaigns using a chart or plot. • Achievable: Use provided datasets and tools (Excel/Google Sheets). • Relevant: Directly supports the Finance team's cost-saving goal. • Time-bound: Deliverable due by end of Week. Quality Control: All deliverables (visualizations, slides) are reviewed by all team members before submission.
